## CEMETERY

Note: For Council to repurchase unused burial plots, it will be dependant on the grave location/accessibility and will be calculated at 50% of current value or original purchase price whichever is greater. Plots can only be sold back to Council in accordance with the Cemeteries and Crematoria Act 2013 No 105

Offences relating to conduct in cemeteries Section 70 Cemeteries and Crematoria Act 2013 No 105

A person must not, without lawful authority, in a cemetery:

- (a) disturb or interrupt any service, procession or cortege or
- (b) inter any human remains or scatter/inter ashes without permission from the grave owner and Council.

All cemetery fees stated below are charged for Monday to Friday between the hours of 9.30am and 3.30pm. Other times are by arrangement. Please note, genealogy searches can take between 5-10 working days unless for a request for burial.

Please note: Due to the geological rock within the cemetery, all graves are sold initially for a single depth grave. If a request is made for a double depth grave (for 2 full body interments) it is the Funeral Directors responsibility to ensure the family are aware this may not be possible. Council accepts NO liability if for any reason the Gravedigger is unable to reach a double depth. Gravediggers should employ a pre-dig strategy prior to the burial date to mitigate the risk. **Council does not provide grave digging services, the grave digger must be approved by Council.**

## Castle Hill Cemetery

Council does not supply grave digging services, monuments or brass plaques to place onto slopers.

Purchase of new standard adult grave in the Monumental/Headstone Area	per site	842.1000.3248	GL	RC728A5	\$11,670.00	\$0.00	\$11,670.00	N
