

# WE'RE BUILDING A NEW WAVES

THE HILLS  
SHIRE COUNCIL

NOTIFICATION OF  
CONSTRUCTION  
ACTIVITIES No.7

3rd September 2020

## Dear Resident / Business Owner

This notice is to inform you of the most recent progress and upcoming activities associated with the Waves Project. ADCO Constructions are nearing completion of the demolition phase of the project and thank all residents for their patience during these works.

We are entering an exciting new phase with the Civil Works and Piling to commence on-site. The Piling works have been designed in collaboration with The Hills Shire Council to minimise noise and vehicle movement to the site. These upcoming works are the foundation stages of the project. We have so far experienced great weather and progress, and therefore remain on track with our forecast program.

Appropriate safety measures will remain in place for these upcoming activities and the duration of the project.

## When

- We expect these works to commence in the coming weeks.
- These works will take place from 7:00am to 5:00pm.
- We envisage these works to take approximately six months, however this may change in the event of inclement weather or for other unforeseeable circumstances outside of our control.

Please be assured that we will be working hard to minimise construction impacts on residents and the local community, and that we are happy to answer any questions or concerns you may have.

## What we are doing

- Commencement of Civil Works, removal of spoil (topsoil) from site and importation of clean validated base materials.
- Commencement of Piling (using large excavator mounted augers to found the pool on rock).
- Operation of heavy machinery and construction vehicles to undertake earthworks across the site.

## What to be aware of

### Traffic and Pedestrian Changes

- Periods of partial disruptions will be experienced as construction vehicles operate in the work area. Throughout this process, access will be maintained with appropriate measures in place.

### Noise and Vibration

- These works are expected to generate medium noise levels and possible vibration for surrounding residents during approved construction hours.

We apologise in advance for any disturbances that may occur as a result of these works.

Your patience and cooperation are appreciated as we collaborate to bring you a new, state of the art Aquatic Centre.

If you have any questions about these works or would like more information on the Waves project, you can send an email to [wavesaquatic@adcoconstruct.com.au](mailto:wavesaquatic@adcoconstruct.com.au).

Yours faithfully,

ADCO Community Liaison Manager
