Dear Resident / Business Owner

This notice is to inform you that ADCO Constructions have engaged arborists for the relocation of the existing Palm Trees at the Waves Fitness and Aquatic Centre. The Palms will be safely transplanted from the current job site and temporarily positioned off-site at the rear of the Alfred Henry Whaling Memorial Reserve Clubhouse. The location of these Palms has been reviewed and approved by The Hills Shire Council as the most suitable temporary location.

These works will take 3-4 days, appropriate safety and traffic control measures will be in place for the duration of this procedure.

When

- 26th, 27th and 28th August 2020
- These works will take place from 7:00am to 5:00pm.
- Please note that the works may change in the event of inclement weather or for other unforeseeable circumstances outside of our control.

Please be assured that we will be working hard to minimise construction impacts on residents and the local community, and that we are happy to answer any questions or concerns you may have.

What we are doing

- Removal of existing Palm Trees on the Waves Development
- Transportation of Palm Trees to temporary location
- Installation of temporary site fencing
- Operation of heavy machinery and construction vehicles

What to be aware of

Traffic and Pedestrian Changes

- Periods of partial disruptions will be experienced as construction vehicles operate in the work area. Throughout this process, access will be maintained with appropriate diversions in place.

Noise and Vibration

- These works are expected to generate low to medium levels of noise.
We apologise for any disturbances that may occur as a result of these works.

Your patience and cooperation are appreciated as we collaborate to bring you a new, state of the art Aquatic Centre.

If you have any questions about these works or would like more information on the Waves project, you can send an email to wavesaquatic@adcoconstruct.com.au.
