Dear Mr Walker

Planning proposal to amend The Hills Local Environmental Plan 2012

I am writing in response to your Council’s letter dated 23 December 2015 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 (the Act) in respect of the planning proposal to rezone land at 39–55 Oratava Avenue and part 570 Pennant Hills Road, West Pennant Hills from E4 Environmental Living zone to R2 Low Density Residential zone and amend the minimum lot size requirement applying to the site from the existing 2,000 sqm to 700 sqm.

As delegate of the Greater Sydney Commission, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed, as delegate of the Secretary, the planning proposal’s inconsistencies with S117 Directions 2.1 Environmental Protection Zones, 4.2 Mine Subsidence and Unstable land and 2.3 Heritage Conservation are of minor significance. No further approval is required in relation to these Directions.

It is noted that there are anomalies in how the subject land is described in the planning proposal. The proposed Land zoning and Lot size maps have identified the whole part of land at 570 Pennant Hills Road to be included in the planning proposal instead of identifying part of the lot which is subject to the planning proposal. Prior to community consultation, Council is advised to revise the planning proposal to correctly identify the subject site.

Plan making powers were delegated to councils in October 2012. It is noted that Council has now accepted this delegation. I have considered the nature of Council’s planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 9 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council’s request to draft and finalise the LEP should be made directly to Parliamentary Counsel’s Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment for administrative purposes.
The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Commission may take action under section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Ms Cho Cho Myint of the Department's Sydney Region West office to assist you. Ms Myint can be contacted on (02) 98601507.

Yours sincerely

Planning proposal (Department Ref: PP_2016_THILL_001_00): to rezone land at 39–55 Oratava Avenue and part 570 Pennant Hills Road, West Pennant Hills from E4 Environmental Living zone to R2 Low Density Residential zone and amend the minimum lot size requirement applying to the site from existing 2,000 sqm to 700 sqm.

I, the Director, Sydney Region West, Planning Services at the Department of Planning and Environment as delegate of the Greater Sydney Commission, have determined under section 56(2) of the Environmental Planning and Assessment Act 1979 (the Act) that an amendment to The Hills Local Environmental Plan (LEP) 2012 to rezone land at 39–55 Oratava Avenue and part 570 Pennant Hills Road, West Pennant Hills from E4 Environmental Living zone to R2 Low Density Residential zone and amend the minimum lot size requirement applying to the site from the existing 2,000 sqm to 700 sqm, should proceed subject to the following conditions:

1. Community consultation is required under sections 56(2)(c) and 57 of the Act as follows:

   (a) the planning proposal is classified as low impact as described in A Guide to Preparing LEPs (Department of Planning and Infrastructure 2013) and must be made publicly available for a minimum of 28 days; and
   
   (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of A Guide to Preparing LEPs (Department of Planning and Infrastructure 2013).

2. Consultation is required with the following public authorities under section 56(2)(d) of the Act and/or to comply with the requirements of relevant S117 Directions:

   - Office of Environment and Heritage;
   - Endeavour Energy;
   - Road and Maritime Services;
   - Sydney Water;
   - Telstra; and
   - Hornsby Council.

Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.

3. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).

4. The timeframe for completing the LEP is to be 9 months from the week following the date of the Gateway determination.

Dated 28 day of April 2016
